

THE MEMORY OF YOUR BUSINESS

FOR WHOLESALE & DISTRIBUTION

Your stock, prices and terms already hold the answer. Just ask.

Stock lists, price tiers, supplier terms — buried across spreadsheets and PDFs. Cortex computes the exact figure and cites the file it came from.

SOUND FAMILIAR?

- “How many of this SKU are left in stock?”
- “What's our trade price for this customer tier?”
- “Which supplier gave us the best margin on this?”
- “What were the agreed terms on that account?”

See it answer your questions.
